A checklist for HTA reports

This summary form is intended as an aid for those who wish to make a record of the extent to which a health technology assessment report meets the 14 questions given in the checklist.

It is NOT intended as a scorecard to rate the standard of HTA reports — reports may be valid and useful without meeting all the criteria that have been listed.

Name of person completing the checklist Dr. Shahril Effendi Bin Shuib Email Shahrileffendi Bin Shuib Item Yes Partly No Preliminary Value Stahrileffendi Bin Shuib No Item Yes Partly No Preliminary Value Statement regarding conflict of interest? Value Statement regarding conflict of interest? Value Statement regarding conflict of interest? Value 4. Statement on whether report externally reviewed?
