

A checklist for HTA reports

This summary form is intended as an aid in recording of the extent to which a health technology assessment (HTA) report meets the 15 questions given in the checklist. To be completed and sent to the INAHTA Secretariat by email (secretariat@inahta.org).

It is NOT intended as a scorecard to rate the standard of HTA reports – reports may be valid and useful without meeting all the criteria that have been listed.

An introduction, background, objective, context of material in the HTA checklist, etc is available at www.inahta.org/HTA/Checklist.
