

## A checklist for HTA reports

This summary form is intended as an aid in recording of the extent to which a health technology assessment (HTA) report meets the 15 questions given in the checklist. To be completed and sent to the INAHTA Secretariat by email ([secretariat@inahta.org](mailto:secretariat@inahta.org)).

It is NOT intended as a scorecard to rate the standard of HTA reports – reports may be valid and useful without meeting all the criteria that have been listed.

An introduction, background, objective, context of material in the HTA checklist, etc is available at [www.inahta.org/HTA/Checklist](http://www.inahta.org/HTA/Checklist).
